

January 2010

Publication date: 4th January

Features:

Filtration & screening
Industrial water & effluent treatment
Gas detection

February 2010

Publication date: 1st February

Features:

Ecobuild 2010 Exhibition issue
Tanks & bunding
Trenchless technology & civil engineering
Sewers, including maintenance & inspection

March 2010

Publication date: 1st March

Features:

Pump & mixing technology
CSOs, SUDS & rainwater harvesting
Instrumentation, flow & level measurement
British Water Focus

April 2010

Publication date: 5th April

Features:

IWEX 2010 Exhibition issue
Pipes, fittings & couplings
Sludge treatment & disposal

May 2010

Publication date: 3rd May

Features:

Access covers & housings
IT, software & telemetry
Dosing & disinfection systems

June 2010

Publication date: 31st May

Features:

Hillhead 2010 Exhibition issue
Filtration & screening
Instrumentation, monitoring & analysis.
Valves & actuators

July 2010

Publication date: 5th July

Features:

Pump & mixing technology
Water treatment & chemicals
CSOs, SUDS & rainwater harvesting

August 2010

Publication date: 2nd August

Features:

IFAT 2010 Exhibition issue
Tanks & bunding
Odour, pollution & spillage control
MBR technology

September 2010

Publication date: 6th September

Features:

NO DIG 2010 Exhibition issue
Instrumentation, flow & level measurement
Flooding & drainage
British Water Focus

October 2010

Publication date: 4th October

Features:

WWEM 2010 Exhibition issue
Pipes, fittings & couplings
Sewage treatment
Drives & controls

November 2010

Publication date: 1st November

Features:

Pump & mixing technology
Safety, security & training
IT, software & telemetry

December 2010

Publication date: 29th November

Features:

Instrumentation, controls & sampling
Leak detection, location & repair
Water conservation
2011 Year Planner
